

Prayer Cushions

Encouraging faith (Cork)

Mothers' Union members and their friends in the Diocese of Cork provided prayer cushions to help furnish the newly established 'Quiet Room' of Brandon Grammar School after being approached by the principal of the school.

Beany bags and cushions were made from recycled material such as old curtains, upholstery from chairs, etc and then filled with beans. All of the bags and cushions have the Mothers' Union logo sewn on to them.

"These bags were so easy to make and they are comfortable, flexible and easy to store. And most of all the young people just love them"

For general guidelines about setting up and developing outreach initiatives, go to the members' section of the Mothers' Union website www.themothersunion.org
