

Prayer Trees

Encouraging faith (Norwich)

As people find out that Mothers' Union is a Christian faith based agency, caring for the family, they often ask us to pray for them.

At Wedding Fairs, members from the Diocese of Norwich invite couples who are preparing for their marriage to write down their prayer request on blank cards which they provide, and then tie their prayer to a branch on a tree.

At the end of the day, these cards are given to members who will then pray for the couples.

This great idea would work in many other contexts too.

For general guidelines about setting up and developing outreach initiatives, go to the members' section of the Mothers' Union website www.themothersunion.org
